'Storming the US Military Base in Ballidoogle'

01 Safar 1441 H (30/09/2019)

Allaah, The Exalted, said in the Noble Qur'an:

"And fight in the Way of Allaah those who fight you, but transgress not the limits. Truly, Allaah likes not the transgressors." [Al-Baqarah, 190]

In the early hours of Monday morning, an elite unit of soldiers from Harakat Al-Shabaab Al Mujahideen's Martyrdom Brigade launched a daring raid on the US military base in Ballidoogle Military Airport, Lower Shebelle region.

The base, situated 100 km North West of Mogadishu is home to hundreds of US military personnel, UN officials, private military contractors and a fleet of US aircraft. It also serves as a command and control centre for US drone operations in Somalia.

After breaching the perimeters of the heavily fortified base, the Mujahideen stormed the military complex, engaging the crusaders in an intense firefight.

The battle is still ongoing. HSM Press Office will disclose further details of the attack in the coming hours, by the will of Allaah.

And may peace be upon those who follow the guidance.
